

CSI Staff Appreciation Ideas 2020-2021

Name: Mackanie Frances Carney

Email: mcarney@campbellusd.org

Grade: 3rd

Birthday: Mackanie Frances prefers not to share

Favorite colors, characters, and themes: Mackanie is most attracted to warm colors.

Favorite activities to unwind: They spend a lot of time outdoors. They enjoy riding their bike, running, hiking, walking, or sitting somewhere peaceful. When they are not outdoors, they are often reading, writing, or drawing. They are really sensitive to soundscapes and are often listening to music or other audio tracks of waves, rain, thunderstorms, or voiceless meditation.

Additional insight: Mackanie most enjoys receiving the unexpected and thoughtful gift. Some examples from the past have been homemade gifts from students/families, cards that express something to them, and gifts that communicate someone has taken the time to get to know something about them. For example, once a student bought them a pair of socks with the print of the Portland International Airport carpet because she knew they used to live in Oregon.
